Christopher Seivert

Director - At Large

Mosquito Park Enterprises
Vivian,, SD
605-545-2132

christopher.seivert@gwtc.net

Christopher Seivert, born and raised in NW Iowa, pursued a career in the Air Force right out of high school. With multiple duty stations and overseas deployments, he spent 9 years in Rapid City, SD on Ellsworth AFB. While stationed in South Dakota, he attended multiple bison events and ranch tours, assisted with several bison round-ups and helped out behind the scenes for the Young Guns/Girls Gone Wild show and sale over the years. After his career in the Air Force, he pursued his dream of bison ranching.

As a teenager, Christopher worked for Rod Sather of Mosquito Park Enterprises LLC, planting trees and working on wildlife production areas. While on active duty, Christopher kept in touch with Rod and spent many weekends and vacations on the ranch in Vivian SD assisting and learning as much as he could. The opportunity arose to work full time for Mosquito Park in 2017.

Mosquito Park Enterprises has around 5,000 acres, 3 bison herds with approximately 450 animals, and several wildlife areas spanning around 70 square miles. Christopher and his wife Grace tend to the day-to-day operations on the ranch. They both enjoy the abundance of hunting and fishing the area has to offer. In 2020 they purchased their first animals and have started Seivert Bison. Although the Chickens, Ducks, Geese and Turkeys outnumber their bison herd, they hope to keep expanding in the bison industry for years to come.
