Board of Directors PROFILE

Beginning in 2017 I started working for Turner Ranches. My origin was at Blue Creek on the southern edge of the Sandhills. I worked there for 5 years before being named Manager at Deer

Creek on the northwest side of the Sandhills in 2022. I got started in the Bison industry by happy accident and instantly fell in love with it. I am a native of Colorado but have been a resident of Nebraska for 12 years now. I have a degree in Rangeland Management with an emphasis in Livestock as well as a minor in Agribusiness from Chadron State College. I am a proud husband to my wife, Tianna, and a proud father to my son, Wyatt.
