TERMS AND CONDITIONS OF THE AUCTION

METHOD OF PAYMENT:

Terms of sale are cash or bankable check. Personal checks and wire transfers will be accepted from first time buyers only if accompanied by a valid and irrevocable bank Letter of Credit stating a specific amount the bank will guarantee on a check or wire transfer. Bidders using Quality Auction Services online services will pay via wire transfer directly to the association, no later than end of the business day on Monday, February 10, 2025. Please register for bidding prior to the auction. Go to qasbuy.com for details and instructions. Payment must be made in full on auction day. *****If you are a first time buyer, online or in person, and do not provide a letter of credit prior to the auction as outlined above, you will not be able to bid at the auction!*****

HEALTH:

Interstate health papers will be furnished for each animal. All heifers, unless otherwise noted, are Official Calfhood Vaccinates for Brucellosis (OCV) and all bulls and heifers have been TB and Brucellosis tested and given injectable wormer. Two year old heifers are certified bred. All bulls have a good semen test or a guarantee as noted in each consignor profile.

ANNOUNCEMENTS:

Announcements made on sale day will take precedence over any printed material in the catalog or any prior advertisements.

SALE ORDER:

The auction will begin with one high bidder's choice of the bulls. Lot number order will follow for the rest of the sale.

LIABILITIES:

DTBA act only as agents and will assume NO RESPONSIBILITY in the event of injury or death to an animal or of a discrepancy between the buyer and the consignor. The consignor bears all risk of injury or loss for each buffalo until the auctioneer announces it is sold. Thereafter the buffalo is the property of the buyer and the buyer bears all risk of injury or loss. Every precaution will be taken to safeguard the welfare of the bison sold. The DTBA, Auctioneer, or Cheyenne River Ranch assume no responsibility for accidents or losses that may occur.

LOAD OUT:

The address for loadout is Cheyenne River Ranch; 16780 E. Hwy 44; Caputa, SD 57725.

A paid in full receipt will be required for load out. Please make load out arrangements when you pay for your animals at the conclusion of the auction. Load out will begin at 8 am on Sunday, February 9 and go until 3 p.m. No animals will be loaded out after that. All animals must be removed from the holding site by 3 p.m. on Sunday, February 9 unless other arrangements have been made. Contact Alex Heim (605) 770-6190

Please be aware that health certificates for many of the animals will expire within a few days of the sale. Should any further testing be necessary to move your animals, the buyer will be solely responsible for costs and arrangements.

Every precaution will be taken for the welfare of the buffalo sold. The DTBA, Auctioneer and the Show and Sale Committee and workers assume NO RESPONSIBILITY for accidents or losses that may occur.

2025 DTBA STACK THE DECK CONSIGNOR PROFILES

ANTELOPE CREEK BISON • SCOTT & MIKE ASSMAN

28636 283rd Ave., Mission, SD 57555
605-828-0352 • acbison@yahoo.com

BULL AUCTION LOTS 501, 507, 511

The Assman's have ranched near Mission, SD for four generations. The Assman ranch is operated by Scott & Kaytlen Assman and Mike & Darla Assman. The Assmans were running registered Black Angus and commercial beef cattle until 2016 when Scott started looking into the bison industry while in college. Scott and Mike were looking for something that would fit their model of sustainability better. They purchased their first animals in the fall of 2017. The Assmans wanted to focus on quality genetics and were fortunate enough to purchase our female herd from a very reputable ranch. We have focused quality genetics from the start also by purchasing several grand champion bulls at the GTSS and DTBA Young Guns. The Assmans pride themselves on the quality of their herd and improving the soil every year by practicing rotational grazing.

MANAGEMENT AND ENVIRONMENT

Weaning – post weaning, bulls had access to grass hay, and corn/protein pellet mix from 11/20/23 to 5/09/24.

Summer – Native range from 5/09/24 to 9/24/24 with no supplementation.

Feed Test – Free choice hay and corn/protein pellet mix in a large pen from 9/24/24 – 12/27/24.

VACCINE PROGRAM

11/20/23 - Pyramid 5 + Presponse, ULTRABAC 7/SOMUBAC, injectable wormer and pour-on.

In January 2025 bulls will receive Pyramid 5 + Presponse, ULTRABAC 7/SOMUBAC, injectable wormer and CLEAN UP pour-on.

BULL GUARANTEE

Bulls sold with a guarantee that if seller has a failed semen test prior to June 1, 2025 Antelope Creek Bison will exchange the bull for a full refund of purchase price or a replacement bull.

BUFFALO DANCE BISON • CASEY BYRD

30356 Bison Road, Presho, SD 57568
605-895-2119

BULL AUCTION LOT 520

Buffalo Dance Bison first purchased bison in 1990 and currently owns over 100 head of cows, including many purchased at the GTSS. Primary herd lineage includes award-winning animals purchased at GTSS and the Black Hills Buffalo Classic. Buffalo Dance Bison has consigned animals to the GTSS for many years and has received numerous trophies, including Producer of the Year. The ranch also has competed at the Black Hills Buffalo Classic. Buffalo Dance Ranch specializes in genetically diverse plains bison and has run multiple herds for many years. Its primary herd lineage includes some GTSS animals but is mostly home raised. The Byrds have been consignors to the GTSS every year since 1986, making 2025 the 40th consecutive show! Since 1990, they have won 158 Gold trophies and eight Producer of the Year awards. Some of our animals are registered/certified with the North American Bison Registry. The grand sire of this herd was the highest selling bison ever.

MANAGEMENT AND ENVIRONMENT

Weaning – Pre-weaning, grazing with no supplementation.

Feed Test – Grower ration from weaning to sale time, consisting of free choice grass and alfalfa hays, with corn at 2-4 lbs/hd/day.

VACCINE PROGRAM

We do not vaccinate. Our ranches have had excellent health records, and we have had no need to implement a vaccination program. All animals will be dewormed before the sale.

BULL GUARANTEE

All bulls have passed semen test. Documentation available on request.

2025 DTBA STACK THE DECK CONSIGNOR PROFILES

CAMMACK BUFFALO RANCH • JOHN, MELANIE, LANE & MIKE CAMMACK

16800 Old Stoneville Road, Stoneville, SD 57787
605-985-5289 • bowhunter4life@goldenwest.net

BULL AUCTION LOTS 502, 506, 509, 518
TWO YEAR OLD BRED HEIFERS AUCTION LOT 522

The Cammack Buffalo Ranch is a fifth-generation operation and is in Stoneville, SD. John manages the ranch with his Uncle Lane. His dad, Mike, lives in Alaska acting as the not-so-silent partner. We purchased our first 22 buffalo in 1999 and have slowly built our herds to 750 cows. We DNA test our herds to help us select the best possible replacement heifers and breeding bulls. The bulls go through additional performance tests so we can evaluate their feed efficiencies on 100 percent grass and then a feed test to ensure long-term production on the ranch.

Management and Environment

After weaning, the bulls spend from May to September grazing with no supplementation. From September until December, they receive free choice grass hay with 1/3 DDG pellets and 2/3 soyhull pellets.

VACCINE PROGRAM

All bulls are vaccinated with Virashield6VL5, Prespense HM, Vision 7 with Somnus and wormed with Ivermectin.

BULL GUARANTEE

Our bulls are guaranteed for the first breeding season.

CRAZY ARROW RANCH • GLEN & BECKY CARR **RAFTER K BAR • LARRY & RENEE CARR**

16184 Highway 20, Prairie City, SD 57649
720-849-5757 (Glen) • 605-381-7605 (Larry)

BULL AUCTION LOT 517
YEARLING HEIFERS AUCTION LOT 521

Our buffalo are on the family Rafter K Bar ranch in Prairie City, SD. Our herd has genetics from some of the top producers in the industry, including Cold Creek Buffalo Company, Red Canyon Ranch and Horse Creek Bison. We also purchased top ranking buffalo from the DTBA Young Guns and Girlz Gone Wild challenge classes. We have a small herd with big genetics. Our pen of five heifer calves were NBA 2021 GTSS first place winners. We have placed in the upper third of the DTBA Young Guns and Girlz Gone Wild challenge classes for many years. All the buffalo are raised on a rotational grass program in the summer, quality hay in the winter, with mineral supplement, cake to manage the herd, and annual vaccinations. Larry & Renee Carr are good stewards of the Rafter K Bar ranch land, animals, and our buffalo.

We are proud to be part of DTBA/NBA community, to continue to improve our buffalo herd and supply quality animals for you.

MANAGEMENT AND ENVIRONMENT

At weaning, calves are weighed and vaccinated and then returned to the herd. In the summer, yearlings are turned out to graze with the breeding herd year-round. The yearlings are rotationally grazed with no supplementation through the summer. In the winter, animals are supplemented with hay and range cake as needed. Since late November, the sale animals have been held separate and fed free choice prairie hay.

VACCINE PROGRAM

11/01/2023 – Mycoplasma, Dectomax Injectable, Vision 7, Pyramid 5.
11/01/2024 – Mycoplasma, Dectomax Injectable, Vision 7, Pyramid 5.

TESTING

01/22/2024 – Bull and heifer were TB and Brucellosis tested. Bull was Trichomonosis tested.

BULL GUARANTEE

Bull will be semen tested (weather dependent). Bull sold with a guarantee that if seller has a failed semen test prior to 6/1/24, Crazy Arrow Ranch/ Rafter K Bar will exchange the bull for a full refund of purchase price or a replacement bull.

2025 DTBA STACK THE DECK CONSIGNOR PROFILES

CUSTER STATE PARK • CHAD KREMER, BISON HERD MANAGER JASON GOODER, OPERATIONS MANAGER

13329 US HWY 16A, Custer, SD 57730

605-394-2693

BULL AUCTION LOT 512

TWO YEAR OLD BRED HEIFERS AUCTION LOT 523

Beginning in 1914, Custer State Park has a 108-year history of producing high quality buffalo. We are proud to have the longest running annual production auction of buffalo in the world. Custer State Park buffalo have been the foundation of countless herds across North America since the first auction in February of 1966. The foundation of the herd is from the Scotty Philp/Fred Dupree herd, with genetic additions from Niobrara Game Refuge in the 1930s, Pine Ridge Tribal herd in 1945, and Wind Cave National Park in the 1950s. The herd is naturally raised like they have been for centuries. They are not supplemental fed except for access to hay for the four days while in the corral during the annual roundup. A custom mineral formulation is provided free choice year-round. Our Young Guns bull entries have earned third place in 2009 and 2011 and fourth place in 2018. Our Girlz Gone Wild two year old bred heifer entry earned fifth place in 2017 and our Girlz Going Wild yearling heifer earned fifth place in 2018. The Park is proud to be toted as "The birthplace of the modern buffalo industry" and for providing buffalo and buffalo meat to the business for over 100 years!

MANAGEMENT AND ENVIRONMENT

At weaning, animals are tagged and vaccinated then returned to the herd with the cow. The herd is out year-round on native grass with free choice custom mineral. In the fall/winter, sale animals are gathered out of herd in mid-January.

VACCINE PROGRAM

10/10/23 – Pyramid 5+ Prespense. Vision 7 w/ 20/20, Dectomax pour-on.

1/13/25 – M. Bovis, Virashield 6 VL5HB + Somnus, pinkeye, Dectomax injectable.

BULL GUARANTEE

Bull was Trichomoniasis tested. He will be semen tested (if weather allows). If semen test is unavailable, buyer may choose to have a semen test before 7/1/25 and if the bull fails, Custer State Park will exchange bull in the fall of 2025.

FISCHER'S BAR 33 BISON • ERNIE AND BEVERLY FISCHER

13 N. Main Street, Selfridge ND 58568

307-214-2981

BULL AUCTION LOTS 505, 515

Beverly and Ernie Fischer, who reside in Selfridge, ND, purchased their first set of bison calves in 2002. In 2003, they registered Bar 33 as their brand. Over the years, they've had a plethora of animals ranging from beef cattle, horses, donkeys, sheep, goats, pigs, and even a couple lamas, but they've found the most joy in raising bison. Their operation consists of cow/calf pairs, grazing rotation, background feeding and risk management for other producers. Ernie and Bev do a lot with regional zoos and several organizations promoting agriculture through education. They've also been hosting their own bison sale every December since 2014. Their goals are to strive for the betterment of their animals and continue promoting the bison industry through education.

MANAGEMENT AND ENVIRONMENT

After weaning, calves fed hay with a small amount of grain. In the summer, they are on pasture with no supplementation. For the feed test, the bull received free choice hay and corn.

VACCINE PROGRAM

Pyramid 5+ prespense, Vision 7 w/somnus, injectable wormer.

BULL GUARANTEE

Bulls are fully guaranteed. If they do not pass a semen test 6/1/25, we will exchange the bull or give the buyer a full refund for purchase price.

2025 DTBA STACK THE DECK CONSIGNOR PROFILES

HEARTLAND BISON RANCH • KEVIN & ANNE LEIER & FAMILY

4527 Highway 3 South, Rugby, ND 58368
701-208-0440 • www.heartlandbison.com

BULL AUCTION LOTS 503, 508, 513, 519

Heartland Bison was established in 1996 when LeeAllen and Rebecca bought their first ten bison cows. Today, the ranch is home to 300 bison cows that are broken into four different breeding groups. The foundation of the herds stem from KenMar Buffalo Ranch's M-line, Custer State Park, Slim Buttes Buffalo Ranch and Sheyenne River Bison genetics. Over the last 15 years, we have slowly transitioned our bull power to a number of Young Guns and GTSS bulls from top ranches across North America. With thorough record keeping and culling processes in place, we continue to see improvements every year on the overall performance of our herds as they show on both grass and feed finishing programs.

MANAGEMENT AND ENVIRONMENT

Bulls were weaned in January onto free choice prairie hay, oat hay and millet hay until summer grass. In the summer, they were rotationally grazed on grass with access to mineral licks from 5/6 to 9/02. The feed test is the only grain these bulls have ever had. 125 days on free choice 14% protein pellet out of a self-feeder, along with prairie hay and mineral lick.

VACCINE PROGRAM

01/05/24 – Bovishield Gold, 7way with Somuvac, Dectomax injectable

5/06/24 - Bovishield Gold, 7way with Somuvac, Dectomax injectable

9/02/24 - Dectomax injectable.

1/16/25 - Bovishield Gold, Dectomax injectable

BULL GUARANTEE

Sold with a breeding guarantee. If any of these bulls fail a veterinarian certified semen test before 6/1/25, the buyer can return bull and choose between a replacement bull of similar quality or a full refund of purchase price.

HEIM LAND & BISON • ALEX & CASSIE HEIM

26727 266th St., Wood, SD 57585
605-770-6190

BULL AUCTION LOTS 504, 510, 514

Heim Land & Bison (HLB) is owned and operated by Alex and Cassie Heim, just outside of Wood, SD. They have five young kids, Luke (10), Kingston (5.5), Blaise (3.5), Lily (1.5), Gracie (10 mo.) who keep things upbeat daily! Thunder Creek runs through the heart of the ranch, making it a bison paradise. The Heims have developed their powerful genetics by raising and purchasing quality bulls and females through the GTSS and the DTBA performance tested classes. Heims are strong believers in performance tested animals and have enjoyed participating over the years. Along with their 850 bison cow operation, they also operate two bison feed yards and know firsthand the importance of quality genetics. HLB has won numerous awards at the GTSS and DTBA. In 2023 HLB was the DTBA Full House winner!

Heims recently purchased the entire 777 Bison Ranch herd and are honored to bring those genetics into their operation! For more information feel free to contact Alex anytime. God Bless America!

MANAGEMENT AND ENVIRONMENT

Heim Land & Bison bulls are grown and developed. HLB believes in letting the bulls grow and develop over time. The calves are generally weaned in December or January and fed a high protein grower ration until selected to enter the bull test. This year the bulls were turned out to pasture mid-June, and we pulled the creep feeder along with them to have access to free choice grain while they were on grass. They were moved back to the yard early November and weighed on 1/3/25. Bulls were on free choice hay and grain mix.

HLB works their bison herds annually to confirm pregnancy in all females, wean calves, and give their annual shots. HLB believes in always keeping a quality mineral program available to their animals but expects them to earn their keep! Animals are only fed supplemental feed when there is no winter grazing available.

VACCINE PROGRAM

Pyramid 5+Presponse, Vision7 w/somnus, Enforce 3 intranasal, Normectin injectable wormer, and Mycoplasma.

BULL GUARANTEE

All bulls are guaranteed. If buyer has two failed semen tests prior to 6/1/25, HLB will exchange the bull for a replacement or refund the purchase price.

TRAILS END RIVER BISON • DIXIE BYRD

30356 Bison Road, Presho, SD 57568
605-895-2119

BULL AUCTION LOT 516

Trails End River Bison first purchased bison in 1976. The primary herd lineage is from some GTSS animals, but mostly home-raised. The Byrds have been consignors to the GTSS every year since 1986, making 2025 the 40th consecutive show! Since 1990, they have won 158 Gold trophies and eight Producer of the Year awards. They have several GTSS-purchased animals in their herd. Trails End River Bison also has shown and placed at the Black Hills Buffalo Classic, including winning its Producer of the Year award. Some of our animals are registered/certified with the North American Bison Registry. Specializing in genetically diverse plains bison, with multiple herds for multiple decades. Grandsire of this herd was the highest selling bison ever. The last of a good bloodline.

MANAGEMENT AND ENVIRONMENT

Weaning – Pre-weaning, grazing with no supplementation.

Feed Test – Grower ration from weaning to sale time, consisting of free choice grass and alfalfa hays, with corn at 2-3 lbs/hd/day.

VACCINE PROGRAM

We do not vaccinate. Our ranches have had excellent health records, and we have had no need to implement a vaccination program. All animals will be dewormed before the sale.

BULL GUARANTEE

All bulls have passed semen test. Documentation available on request.

Antelope Creek Bison	511	11/20/23	553	138	941	0	93	1260	3.43	

ANTELOPE CREEK BISON TAG 511 \$ _____
 This bull's sire, 941 Yellow, was our pick of the 2020 DTBA sale, he came in third place overall and sold for \$13,500. 941 Yellow came out the well know Cammack Bison Ranch "Big and Rich" herd sire. 941 Yellow is a standout amongst our herd sires and is one of the most structurally correct bulls we have on the place. This bull stuck out as a calf, with one of the highest weaning weights and one of the highest ADGs on the final feed test.

HEARTLAND BISON RANCH TAG 513 \$ _____

This bull originates out of our Northfork Herd. This herd consists of mother cows that are past performers in the DTBA Performance Heifer classes or daughters of those females. The bull power is all hand selected for balanced performance from Youngs Guns, Cold Creek Buffalo Ranch and home-grown top end replacements. This herd has excellent weaning weights and fertility traits, with many of our replacements coming from it year after year.

LOT 521 CRAZY ARROW RANCH/RAFTER K BAR YEARLING HEIFERS

\$ _____

Heifers are located at the ranch, 16184 Highway 20, Prairie City, SD

We have strived to improve the quality of our herd by using top quality genetics. As a result, our females have competed well at many contests throughout the years. These five yearling heifers are the result of our dedication to the herd quality. Our growth and performance come straight from the prairie. These heifers are raised alongside and expected to perform on the same groceries as the breeding herd. The heifers have the same quality genetics as our bull (Lot 517).
